Together with an enormous stock of DOMESTICS, purchased in the Fall at very low figures, with a view of being prepared for the EARLY SPRING TRADE, without being subjected to the exorbitant rates of Rail Road charges on such goods as are sold at a fraction above Eastern cost, we are prepared to show, and will be most happy to sell the

MOST COMPLETE AND EXTENSIVE STOCK OF
DRY GOODS,
Ever before offered in the West!

Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.

We would say to

COUNTRY MERCHANTS

who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

The Commercial Course comprises Book-Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, Joint stock partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. PRICES REDUCED!

Desirous of contributing by every means in our power to promote the election of Fremont and thus check the desolating advance of Slavery, and believing that the wide circulation of good newspapers will powerfully aid in this result, we offer the *Sentinel*, from the 15th of August to the 1st of December next, at the following low prices:

Daily, ...	$1,50 per copy.
Tri-Weekly	75 cts. "
Weekly	30 " "

We will send four copies of the Weekly to one address for ONE DOLLAR. Friends of the good cause! We invoke your aid in swelling the circulation of the *Sentinel*, if you think, with us, that it may be instrumental in ensuring the *free* Electoral Votes of Wisconsin to Freedom and Fremont.

Milwaukee, Aug. 5th.

NEWS OF THE MORNING.

The steamer *Asia* arrived yesterday evening. She brings news of a decline in breadstuffs—Her news is principally of the insurrection in Spain, of which considerable details are given. The Central American question seems to be nearly settled.

We have but little in addition from Iowa, but the figures thus far show a gain of nearly 4000 for Freedom. Iowa opens the ball handsomely.

We publish this morning a letter from Mr. Raymond, of the N. Y. *Times*, effectually exploding the Know-Nothing fabrication concerning Col Fremont's religion.

Gerrit Smith, it will be seen, talks strongly for Fremont, though a Presidential candidate himself.

We conclude to-day another of Mr. French's letters from the Holy Land.

Our Washington correspondent gives us some interesting information in relation to affairs in Congress. His compliment to Mr. Wade's Report are well deserved. The great West has in him an able advocate.

The election of Mr. Blair, free-soil, to Congress, and the handsome majority for Col. Benton for Governor, were celebrated in St. Louis with great rejoicings. Later accounts from the state are not so favorable to Col. Benton's chances of election

MILWAUKEE & WATERTOWN R. R. EXTENSION. We learn from the Watertown *Democrat* that the work towards Columbus is already far advanced, a large force being employed, and the contractors promise to complete the road to Columbus by and before the 1st of October. They commence laying ties from Watertown on Monday next.

S. W. Barnes, Chief Engineer of the Watertown & Madison R. R., has also been appointed Chief Engineer of the Milwaukee & Watertown R. R.

STOPPING THE "TREASON" TRIALS.—In the House of Representatives, on Monday last, Mr. Pearance asked leave to introduce a resolution instructing the Judiciary Committee to inquire into the imprisonment of Messrs. Robinson, Brown, Deitzler and others in Kansas; and, if they are found to be in prison merely for aiding to establish the Free State Constitution, to report a bill directing a *nolle prosequi* to be entered. Leave to introduce was refused—Yeas 100 (not two thirds); Nays 71.

The *Nays*, of course, were mainly Buchanan men (Herbert among them). The Yeas were mostly Republicans. Mr. Wells from this District, we are glad to see, voted *aye*.

ANOTHER FALSEHOOD NAILED.—Misrepresentations concerning Col. Fremont's religion and nativity are the staple of the Democratic arguments about these days. One of the latest fabrications is to the effect that the Colonel is a Canadian by birth. The story has this foundation—no more; and we get our information from a gentleman formerly a resident of Canada. There was a Col Fremont at Montreal, who was Inspector of Provisions, and who died in or about 1830, leaving a son, Charles Fremont, who was, and is now, unless recently deceased, a practising physician at St. Johns.

So much for this last fabrication, which is indeed scarcely worth refutation. Start your next, gentlemen!

A CERTIFICATE OF CHARACTER.—So general is the *stampede* from the ranks of the Sham Democracy to the cause of Fremont and Freedom that the *News* of yesterday is at pains to certify, formally, that Gov. Barstow and Judge Larrabee still cling to the desperate fortunes of Mr. Buchanan. We don't remember to have seen either of these gentlemen set down as a Fremont recruit. The *News* should continue its list of "the faithful." It would not occupy a great deal of room.

MR. FILLMORE ON SLAVERY.—The Augusta (Ga.) Chronicle and Sentinel, (a warm supporter of Fillmore and Donelson), in a recent article on Mr. Fillmore, urging his claims upon the South, makes the following allusion to the sentiments he expressed during his Southern tour some years since. The *italics* are as we find them:

"Having made the tour of the Southwestern Slave States, he announced on the *steps of the* State House door in Montgomery, that *the anti-Slavery prejudices of his early education had been obliterated by what he had seen in the South of the happy condition of the Slave.*"

JUDGE RANDALL.—The Waukesha *Democrat* thus warmly endorses the appointment of A. W. Randall, Esq., to fill the vacancy on the Bench, occasioned by the resignation of Judge Hubbell.

This is the most popular appointment that could be made. Randall is a lawyer of the first class, a whole-souled jovial fellow, and will make an able, honest, impartial Judge. His appointment gives satisfaction to men of all political grades and parties.

The *Workingman* of this city, also, a Democratic paper, bears testimony to the fitness of the appointment.

RAIL ROAD CONTRACT LET AT KILBOURN CITY.—We learn from the Wisconsin *Mirror* that Messrs. I. Anderson and J. B. Vliet have taken the contract for grading the La Crosse & Mil R. R. from Lone Rock to the Wisconsin River bank in Kilbourn City, and will push the work with vigor.

Col. Fremont's Religion.

The Know Nothing and Buchanan organs continue to object to Col. Fremont that he is "a Roman Catholic." The *News* insists that it has proved him to be one and that its proofs have not been controverted. The very reverse of this is true. The charge and the evidence under it, have been again and again denied and confuted, and the witnesses relied upon by the K. N. and Buchanan Allies have been discredited and exposed. The following letter written by Lt. Gov. Raymond, of New York, Editor of the N. Y. *Times*, effectually closes the controversy on this point and reduces the Allies to the necessity of trumping up some other invention. *It is addressed* to Mr. Mansfield, of Ohio, and published in the Cincinnati *Gazette* of Tuesday last:

New York, July 29, 1856.

My Dear Sir:—Your favor of the 1st inst. ought to have been answered long ago, but absence and business must plead my excuse. * * I am not surprised to hear that the rumors so widely circulated concerning Col. Fremont's religion, should have the effect of causing some who sympathise thoroughly with his sentiments in regard to the extension of slavery, to hesitate about pledging themselves to his support. But so far as these rumors assert or imply that he is a Roman Catholic, they are without the slightest foundation in truth.

I presume that from proper motives of delicacy and self-respect, Col. Fremont will not publish anything himself on the subject, or take any part, personally, in the canvass. But he converses with the utmost freedom upon these topics as upon all others; he has no desire or disposition to practice any concealment of his religious opinions; and I have no reason to suppose that he would desire others to do so on his behalf.

Col. Fremont is not now, nor has he ever been, a Roman Catholic. His father dying when he was five years old, he was educated exclusively in Protestant schools, and at the age of sixteen, was confirmed, of his own motion and sincere conviction, in the Protestant Episcopal Church, of which he has continued ever since to be a member. Not one of his own children has ever been sent to a Roman Catholic school, though I believe an adopted daughter attended for a short time the Seminary of Georgetown, of which the pupils are generally largely Protestant. That this ought not to be construed to his prejudice, even by the most zealous Protestants, is sufficiently shown by the fact that Mr. Fillmore sent his own daughter to a Catholic Seminary at Buffalo for the purpose of special instruction—yet no one ever inferred from this circumstance that he himself was not a Protestant.

Col. Fremont's marriage was celebrated by a Roman Catholic priest; but this was in consequence of the *difficulty, if not impossibility*, of procuring any other clergyman to perform it.—The ceremony was in a private room, was very short and simple, and did not imply any assent on his part, or that of his wife, to the doctrine of the Roman Catholic Church; nor was either of them required, or requested, on that occasion, to give any pledge that their children should be brought up in that faith. They have all been baptised and educated in the Protestant Episcopal Church.

The statements which, Alderman Fulmer, of this City, is said to have authorized—to the effect that in March, 1852, he saw Col. Fremont joining in the religious services of a Roman Catholic Church at Washington, and that in a subsequent conversation with him at dinner, at Brown's Hotel, Col. Fremont declared himself a Catholic and a believer in the peculiar doctrines of that Church, are entirely untrue.

Col. Fremont was not in the city of Washington at all during the year 1852. *He left* New York for California in March, 1850. He returned in the steamer George Law, which reached New York on the 6th of March, 1852, and remaining in that city four days, he left on the 10th, in the steamer *Africa*, for Europe, and did not return until June, 1853. I understand that Alderman Fulmer exhibits a receipt from Brown's Hotel, dated March 7th, 1852, for four day's board.—This makes it certain that the Alderman's stay there terminated on the 7th, and that the alleged conversation must have taken place previous to that date. But as Col. Fremont did not reach New York until the 6th, it is impossible that he should have been connected with them, especially as he remained in New York, and did not visit Washington at all. He has no recollection of ever having dined at Brown's Hotel until this last winter, since 1841, nor of ever having seen Alderman Fulmer, there or elsewhere.

The alderman, I am informed, is a man who would not be likely to make such statements unless he believed them to be true. But it is very certain he has fallen into a very gross error somehow—probably by mistaking some other person, with whom he may have held the conversation in question, *for Col. Fremont. He owes it to his* own character, as well as to do justice, to take steps to confirm, or correct the accuracy of his recollection in this matter.

You may rely upon the entire authenticity of the statements I have thus made in reply to your inquiry for the "facts." In the present state of the public mind, and in view of the earnest and persevering misrepresentations of the truth, you may think it desirable that they should be generally known. If so, you are quite at liberty to make them public, and to add, that they are given as the result of conversation with Col. Fremont himself. I am, very truly, yours,

HENRY J. RAYMOND.

To E. D. Mansfield, Esq.

The American Association for the Advancement of Science.

A Circular of the Local Committee of this distinguished body, announces the arrangements for the next meeting, to be held in Albany on the 20th of August. The meetings will be held in the Capitol; members will be furnished, on exhibiting their certificates, with free return tickets on many railroads and steamboats. The Committees on the Geological Exploration of Ohio, on an Uniform Standard of Weights and Measures, on Fish Breeding in New York, &c., are expected to report.

Among the members present will probably be Messrs. Agassiz, Professors Bache, Henry, Dana and other, Hon. Wm. H. Seward and Edward Everett, and several noted foreign gentlemen.—Members are requested to bring to the meeting any scientific *materiel* and specimens which they may consider novel or interesting.

The inauguration of the State Geological Hall will take place on Wednesday, the 27th, at 4 P. M. Addresses will be delivered by the Hon. Wm. H. Seward, and the Hon. Francis C. Gray, of Boston.

The inauguration of the Dudley Observatory will take place on Thursday, the 28th, at 4 P. M. The Address will be delivered by the Hon. Edward Everett.

The Local Committee, in behalf of the citizens of Albany, assure the members, and all others who may attend, of an earnest and cordial welcome, and of their unremitted efforts to promote, by every means in their power, the objects of the meeting.

"Birds of a Feather &c"

The *News* of yesterday, "official" organ of the Buchanan, or *bogus* Democracy, publishes conspicuously the following "call":

Fillmore and Donelson Club.

Those who desire the formation of such a society, will please hand in their names.

L. W. KENNEDY,
Phoenix Buildings.

This lending "aid and comfort" to the Know-Nothings looks a little queer in a paper *professing* to be hostile to them.

FREMONT CLUB AT DODGEVILLE.—On Thursday, July 31, the Republicans of Dodgeville had a full rally to prepare for organizing a Fremont Club. They were addressed ably by Hon. M. M. Jackson and Mr. Elmore. The Mineral Point *Tribune* says:

At the close, the meeting adjourned for one week; after giving three hearty cheers for Fremont and Dayton. We observed in the audience many "old Democrats," who stand on the Jeffersonian platform of Republicanism, and are active workers in the good cause. Much honor to the Republicans of Dodgeville.

WHITEWATER FREMONT CLUB.—The work of organization goes bravely on in Walworth Co.—The Whitewater Club had a full meeting on Saturday evening of last week, for business. Messrs. Cheney and Noble addressed the club, and Mr. Curtice, of the *Gazette*, gave them a new Fremont and Dayton song for the campaign.

THE NEW JERSEY KNOW-NOTHINGS.—The *Newark Daily Mercury* says that the malignity of the Southern Know Nothings in New Jersey is remarked upon in all quarters. A friend writing to that paper says that all they lack there is numbers to make them the worst party ever known in the State. When a gang was howling on Wednesday evening in Elizabeth, the Hon. Mr. Howard of Michigan said that there was one excuse for them. He thought that if he was supporting a candidate for the Presidency, which in all the sixteen Free States had not the remotest prospect of carrying a single electoral vote, *he would howl too.* This was hailed with rousing cheers by the Fremonters.

FROM OUR WASHINGTON CORRESPONDENT.

WASHINGTON, August 2.

Progress has been made this week and in the right direction, for now that the day of adjournment approaches, both Houses of Congress have set themselves resolutely to work, and have accomplished much that, earlier in the season, it appeared almost hopeless to expect.

The Senate has been mostly occupied with the River and Harbor Bills, of which a number, including those for the Wisconsin ports, and in fact almost all the Lake Erie and Lake Michigan ports, have been passed by a two-third vote, in the face of a determined and persistent opposition. The South Carolina, Georgia and Mississippi Senators were especially virulent, indulging in denunciations of the friends of any internal improvement appropriation, as derelict to the cause of *Democracy*, and hostile to one of the main principles of the so-called Democratic faith. These assumptions were repelled warmly by some of the Senators from the West and North-West, *who feel and see that with this principle of* hostility to river and harbor improvements, superadded to their traitorous subserviency to the accursed cause of Slavery extension, the public *sentiment of* their own people must be overwhelmingly against them—and for this cause, and this cause only, Cass and Stuart of Michigan, Pugh of Ohio, and others of the same stamp abandon their President, their Party and its principles, in the vain hope of their escaping from the universal deluge which is about to sweep them from the places of profit and power they have so long disgraced!

The House commenced the week well by adopting Sherman's amendment to the Army Appropriation Bill which is sent to the Senate to swallow or not as they see fit. This was immediately followed by the passage of Dunn's substitute for Grow's Kansas Bill which, introduced early in the session, had been buried—with no hope of resurrection, it was supposed—in Committee of the whole. Under Dunn's skillful management his substitute, restoring the Missouri Compromise, releasing all the prisoners now in bonds for alleged treason, declaring the so-called laws of the Shawnee bogus Legislature null and void, and providing for the complete reorganization of the Territory, was finally passed by a majority of fourteen—and thus two of the most desirable and practical measures of the session, the appointment of the Kansas Investigating Committee and the complete reorganization of the Territory, *with the Missouri Compromise re-enacted*, have been brought about by one of the most impracticable men in the whole House.

The Senate have now had presented to them two modes of restoring peace to much abused *Kansas*—the instant admission of the Territory as a State with the Topeka Constitution; or, that being refused because of its ensuring another *free State* in the Union, the total abrogation of the villainous and tyrannical statutes which the Border Ruffians of Missouri forced upon the Kansas settlers, together with the re-establishment of the Missouri Compromise, the repudiation of which affords perhaps the most glaring instance of perfidy and bad faith by which our annals have been stained. The Buchaneer clamor that this Kansas question was purposely kept open and without settlement for election use is thus completely answered, and the entire responsibility thrown upon the Senate with its Border Ruffian majority, who must respond to the people for the course they henceforth may see fit to adopt.

As a proper sequel to this, followed the discussion of the Whitfield and Reeder election, in which Whitfield himself, Oliver of Mo., and a little uncivilized savage from Tennessee, proved their fitness for the task they undertook, the defence of the ruffians and thieves and murderers, whose advocates they proclaimed themselves to be. Stephens of Ga., a man of another kidney, made an ingenious and plausible attack upon the majority report of the Committee on Elections, which pronounced Whitfield not elected, not entitled *to his seat*, while it recommended that Reeder be admitted in his place, but the conclusive statements of Washburne of Maine, and of Sherman of the Investigating Committee, brushed away all his cobwebs, and the sense of the House was evident enough before the ballot was taken, which resulted in vacating Whitfield's seat by eighteen majority.

Upon the resolution to admit Reeder, there was, among our own friends, great difference of opinion—not as to the power of the House so to do, if it was thought proper, which was never denied; but as to the expediency of exercising that power when the House *had already* pronounced in favor of the admission of Kansas as a State with Reeder as one of her U. S. Senators. For this, and other reasons, there was a division in our ranks (a phenomenon which never occurs on the other side when anything like a party question is involved) and the result showed a decided majority against the resolution. The whole matter is thus referred back to the people, and Kansas is without a delegate—not the least of the wrongs which have been heaped upon her by the Missourian invaders.

Brooks of S. C., re-elected unanimously by a constituency which thus endorses and rewards his cowardly brutality, and California Herbert, the assassin of poor Keating, but a few days from the prison whence a packed Jury and unrighteous Judge released him, appeared together in time to vote for their kindred Whitfield; and on Monday probably we shall have back in his seat the mountebank Keitt, whose re-election is also announced by an unanimous vote.

Of the further progress of the various river and harbor bills there is not much prospect, at least this session. They will probably go over, together with many other matters, till Congress meets here again, when, the smoke of the Presidential contest blown away and Fremont elected by a triumphant vote, to the chair of the First Magistrate of the Republic, the field will be clear for the despatch of business. To attempt to pass these separate bills now is to expose the few that can be acted upon, to a certain veto, without the necessary time *to pass them over* the President's head. Thus the work would have to be all done over again; while by waiting till the next session they can be taken up early and disposed of *at leisure*. This will probably be the course adopted in the House, to which body the Senate will keep sending the different bills they have passed—and I presume but few will fail to receive their sanction and approval.

The liberal extracts in my last letter, from the elaborate and valuable report of Mr. Wade of the House, on the commerce and navigation of the great lakes and their tributaries, are attracting, I observe by the Cleveland papers, a large share of public attention. There is no more conscientious or faithful representative in the House; and in the report alluded to (of which, when printed, an early copy will be sent to the *Sentinel*) Mr. Wade has collected together an array of facts, gathered with much labor, from various authentic sources, and knit together by an argument of unanswerable force and clearness, which establishes beyond question the claims of this commerce upon the protection and fostering care of a government, which it has contributed so much to enrich. The amount of that commerce will startle those who have been careless observers of its steady and rapid growth; and with even moderate encouragement in the way of appropriations for necessary river and harbor improvements, that growth will go on with accumulated force, sustained and strengthened by the never-ceasing stream of emigration, that, avoiding the degradation to which labor of all kinds is exposed in the Slave States, is pouring into and enriching the great free West. Mr. Wade has made a most valuable report. REX.

DECLINES.—Otis Hoyt, who was beaten by Mr. Washburne for Congress two years ago in the western district of this State, declines to try his luck again. He says that Ex-Judge Crawford is his choice. Let the Buchaniers bring out their strongest man in that district, and he will be beaten by thousands.

MOUNT CARMEL, April 12th, 1856.

Take another look around Jerusalem—The Lamentation of the Jews—The Pilgrims of the House of David—The site of the Palace of David and his Tomb—An American Jew—The Lepers—The Tombs of Godfrey of Bouillon and his Brother Baldwin—The Valley of Hinnom and Hill of Evil Counsel—The Pool—The Tombs of the Kings—The Cave of Jeremiah—The Mosque of Omar—Mount of Samuel and Mount Gibeon—Arrive at Mount Carmel.

[CONCLUDED.]

The Valley of Hinnom I have before alluded to—a place celebrated as well in profane as sacred history. See 31st and 32d verses of VII chap. Jeremiah. Through this valley runs the brook of Gihon. Overhanging this dark valley are the rocky shelves of Aceldama, or the Potter's Field of ancient times. See II Acts, 18: 19. The earth is very red and there can be no doubt it is principally the remains of millions of human beings to whom these words were as emphatically addressed as unto the present generation, "Dust thou art and unto dust thou shalt return again." This earth is carried to Jerusalem by cart-loads and manufactured into pipes, being better it is said than any other kind of clay. Still farther above on the extreme height of the land, is the spot where it is said Judas betrayed his Lord and Master. It is called the Hill of Evil Counsel to this day.

As Jerusalem is situated so high it has no springs of living water, and is principally supplied by rain water collected in huge pools. Some of these pools are of great size. A number of them, however, have been allowed to fill up with rubbish, as the city has become so *depopulated that* they are no longer wanted. The upper Pool of Gihon is 300 feet in length by 200 feet in breadth, and 18 feet in depth; the lower one is 600 by 270 and 40 feet deep. One other 392 by 275 and 42 feet deep, while that of Bethesda is 360 by 330 and 75 feet in depth. All of these are cut out of the solid rock. Solomon's Pool is still in existence, and supplies the city with water in part. It is in Bethlehem, some eight miles distant, and from it there is an aqueduct built on arches which conducts the water to the city.—It was built by Solomon himself to supply the temple with water, and I presume this water is from some living stream or fountain that flows into the pool.

Nearly one mile from the city, we visited the Tombs of the Kings. These consist of a series of chambers that branch off from a large central hall and are very much like those of the Egyptian tombs, having been cut out of the solid rock. The great entrance, however, is much more elaborately finished, it being adorned with sculptural works representing flowers hung in festoons; also fruits and many other natural productions.—There are, however, no hieroglyphics or records of any kind, and their history is only known by tradition. In some of the rooms there are places for more than one person. The entrances were once closed by heavy stone gates with metalic hinges of some kind, as appears by examining them, and also the ponderous stone gates lying near, some being broken and others entire.—Probably they were knocked off their hinges for the sake of the old iron. The crypts for the sarcophagus are all empty now—not even is the sarcophagus left to hold the little dust that would remain if the laws of nature had been left to their own course. But what death does not level, time does, and royal and plebian dust mixes together and becomes the same. On our return we visited the Cave of Jeremiah. The main body is a large natural cave, which has been converted into a mosque by the Turks. In a high niche, mounted with some difficulty, in the south end, is a small room-like place, which has the appearance of having been dug out. This spot was a favorite retreat of the Prophet Jeremiah, and here, it is said, he penned his lamentations and prophecies to the Jews.

But, aside from those places intimately associated with many of the principal historical events described in the Bible, the most interesting place in Jerusalem is the great Mosque of Omar. Until within a very short period no Christian was ever permitted to visit it. Since, however, the late war commenced, there has been a great relaxation in all such matters, and strangers from foreign countries are looked upon with much less suspicion than heretofore. Singular as it is, yet it is true, that the Mussulmen now want to turn it into a speculation. Whether Johnny Bull has anything to do with it or not, I do not know, but it looks very much like it. I am told that it costs about one dollar to visit the various parts of St. Paul's Church in London, inclusive of ascending to the summit. Word came down to our hotel from the British Consulate that all Englishmen could have the privilege of visiting the Mosque on the payment of five dollars each, and it further added that it would include Americans also. I conversed with the English gentleman, who appeared to have a strong feeling to get all to go that would, and inquired why the payment of five dollars was required, and he had the impudence to tell me that it was to pay a large additional guard of soldiers to protect the visitors from the wrath of the populace, who were opposed to it. This I knew to be all fudge. Out of some twelve Americans there, however much they would liked to see the Mosque, none of them, I am glad to say, would submit to any such imposition.

From the top of the Governor's palace, on which we were permitted to go, we had a fine view of it. It is enclosed in a large square, containing, I should judge, twenty acres, in the the north-east angle of the city; the city walls themselves, which are here sixty feet in height, enclosing it on two sides. There are cypress, palm and other trees growing in this large enclosure, which is laid out into walks, terraces, and into small ornamental parks. It has twelve gates, one of which, the celebrated golden gate, formerly a gate that led into the city before the Mosque was built, being perpetually closed. There is a singular tradition among the people, alive to the present day, but which has been handed down from generation to generation, that the Christians will some day, sooner or later, take the city, and that the beseigers will enter through that gate.

In the centre of this magnificent park stands the mosque on the foundation of the temple of Solomon. The building itself is erected on a raised platform, which is approached by gently inclined steps from all sides, being of octagonal shape, each side measuring 69 feet, and 47 feet in length. The whole is of beautiful proportions, inclusive of its great dome. Its marbles are of various kinds and colors—but a deep, blue color seems to prevail, imitating the sky. On the outside, and I am told also on the inside, it is covered with passages from the Alcoran. It was built in the seventh century by the then reigning Caliph, Abdel Malik. Taking the whole park, together with the mosque in the centre upon the terraced platform, the tall cypresses standing out in bold relief, and as one sees it, to use the language of another, it

"Flashes now its gilded dome to summer skies,
Towering stately o'er her marble stairs."

But I must close with this interesting city, leaving many things unsaid which came under my observation during a sojourn of ten days.—All things being ready, we issued from the gate of Damascus, on our way to Mt. Carmel. We had intended to go by the way of Nablous and Samaria, but owing to a difficulty that broke out between the Christians and Mahometans at the former place, the reports having first reached Jerusalem that there were a large number of Christians massacred, we concluded that it would not be safe to venture through the excited part of the country—particularly so when the Pasha declined giving us any firman to call upon the proper authorities for help and protection if we did get into difficulty.

Our company, now consisting of thirteen men and more than number of horses and mules, we made a respectable caravan—particularly so when we were joined by a party of English who were going the same journey, and who kept with us two days. But there were three ladies along with us, and as one of them was very nervous and all being very timid, we strongly surmise they turned back, for after the first two days we never saw anything more of them. Turning westward, we again passed the tombs of the Kings, and commenced ascending the mountains over a rough country, destitute of roads or even landmarks. Even the mule-drivers who are with us, and who had lived all their lives at Jerusalem, did not know the way when they got one mile from the city. Just before sunset we arrived at Nebbel Summel (Mt Samuel) one of the highest points of land in Palestine, and pitched our tents. On the summit is an old ruined mosque, with a high tower standing, to the top of which I climbed and had a beautiful view.—To the north, about three miles off, lies Mount Gibeon, on which Joshua commanded the sun and moon to stand still, and between the two mountains lies the valley of Ajalon. See chap. 10 of the book of Joshua. The names of most of the cities, rivers, mountains and seas are the same now as then. To the east I could see the domes and minarets of Jerusalem, and far away in the distance, down deep in the earth, the depression in which lies the Red Sea—but the water I could not reach with the naked eye. The Sun had sunk in the west, leaving the valleys in gathering shadows—but his last feeble rays shot athwart the summit of the tower, and while trembling there as if loth to bid the world adieu, I took my last look of Jerusalem, the mountains of Moab, Bethlehem and the Mount of Olives. A moment more and darkness seemed to be creeping up towards the top of the tower with rapid strides. One more look, and with the following words on my lips, I descended to the earth—

"Farewell ye mountains,
By glory crowned,
Ye sacred fountains
Of God's renowned,
Ye woods and highlands,
Where heroes dwell,
Ye seas and islands,
Farewell! Farewell!"

The fifth day after leaving Jerusalem, tired and worn out with the fatigue of the journey and the heat of the day, we reached the foot of Mt. Carmel, on the summit of which stands a convent of the same name. For an hour and upwards our jaded horses and mules toiled up its steep and precipitous sides, when at last we reached the door and were most hospitably received by the Catholic Fathers of this most noble institution. Rooms with clean beds and everything to make us comfortable, were immediately assigned us—the table was spread for us, not extravagantly, but with everything substantial and palatable; and more than all, we were made therein welcome, and in such a generous and candid manner that we all felt at home. BANK OF TECUMSEH.—We have been furnished with a copy of the Detroit *Tribune* of July 12th, containing a note from W. W. Clarke, Cashier of the Bank of Tecumseh, Mich., to the editor, enclosing letters from Messrs. Emmons, Lathrop, Walker and Campbell, leading lawyers of Detroit, who had examined the bond filed with the State Treasurer by the directors of the bank, Messrs J. A. Raynor, W. W. Clark, T. G. Cole, E. K. Bruce, H. C. Lewis and J. C. Satterthwaite, in which they make themselves jointly and severally liable for the redemption of its bills. The counsel agree in pronouncing the security valid, and the bond such as can be enforced against each and all of them.

Gerrit Smith and Fremont.

Gerrit Smith stopped in this city yesterday on his way to the late Kansas meeting at Buffalo.—While here the following colloquy occurred between him and another gentleman:

"Are you acquainted with Mr. Fremont, Mr. Smith?"

"Very well—he dined with me several times at Washington, and he is a great favorite in my family."

"What kind of a man is he?"

"He is the most modest man I ever knew—he rarely speaks, unless spoken to, a man of talents, generous impulses, and an accomplished scholar."

"Is he firm—has he decision of character—is he reliable, in case he is elected President?"

"Perfectly—if Mr. Fremont is President, he will carry out his convictions promptly, and with unfaltering firmness."

"Is he a slaveholder?"

"No, never. Until lately he has been very poor, and in no condition to be a slaveholder—besides, he is anti-slavery."

"Well, what do you think of Jessie?"

"She is beautiful, highly educated, accomplished. Her mother is the daughter of Governor McDowell, of Virginia, (an abolitionist.) Mrs. Fremont told me her mother taught her to hate slavery, and she did hate it. She said she would never own a slave, nor permit one to do her work. She did her own work rather—it is a shrewd choice, the selection of Fremont. It is of great importance that he be elected—the question is not now a constitutional question—but a question of blows, a war question—and if the first battle is to be in Kansas we should cast aside party, and fight the battle."—*Syracuse Journal.*

"The Cock that Crows."

From Brooks' Speech before his Challenge was Accepted, July 14.

"Now, sir, I say to that gentleman, that no man has the right to wear arms who does not use them. In my country, the cock that crows and won't fight is despised by the hens, and even the pullets, who know a thing or two instinctively."

From Brooks' Letter after his Challenge had been Accepted, July 23d.

"He requires me to meet him in Canada a distance of near seven hundred miles by the mail route—a route running through the enemy's country, and through which no man knows better than Mr. Burlingame that I could not pass without running the gauntlet of mobs and assassins, prisons and penitentiaries, bailiffs and constables. He knew that I could never get to Canada, and that were I to do so, and he were to fail, that I never would get back."

TREMENDOUS LEAD AT BEETOWN.—Messrs. Ritter & Schmidt, partners, the former a diligent but for four years a luckless miner, the latter a smelter and generally in luck, have recently discovered one of the largest "lead" of mineral on Muscalunge Branch; three miles west of Beetown ever yet hit upon in the Wisconsin mines. The mass of ore is five feet through from top to bottom, and two and a half feet thick, solid ore. It is impossible to say how far the ore may extend, or whether the body will be larger or *peter*.—*Grant Co. Herald.*

NEW WHEAT.—A specimen of new wheat of the blue stem variety, was left at our office, on Monday of this week, by Mr. Bonner, that for plumpness and size of berry, would vie with any we have ever seen,—the far-famed Genesee wheat not excepted. The lot, of which this was a specimen, was raised by a Mr. Remington, of Burk Woods, and is the first brought to this market. Since the action taken by grain dealers, in the principal markets of the State, in regard to quality of wheat regulating the price, we have no doubt our farmers will find it to their interest to see that their wheat is thoroughly cleansed before bringing it into market; and every one who bestows extra care, and labor in producing a superior article, will receive some pecuniary recompense, in addition to the credit his townsmen and neighbors readily accord him.—*Whitewater Gazette.*

Another Letter of Frederick Hecker's.

[Translated for the Chicago Tribune.]

An anonymous writer in the New York *Staats Zeitung* having addressed an "open letter" to Hecker, in which he presumed to question the course of the latter, and his advice to his German fellow citizens, but having failed, after all, to sign his full name to the account, Hecker answers in the following characteristic and pungent manner:

In reply to your kind letter in No. 173 of the New York *Staats Zeitung*, accept the following reply as corresponding with my nature:

1. You, Mr. W. B. H., may go with the *Black Barons*, I shall go with the *people*.

2. You, sir, may be afraid of the Know Nothings and by that very fact give them new courage; we western men do not fear them.

3. You, sir, may declare a platform as democratic which preaches slavery propagandism and deceives those of foreign birth with sweet words. I cannot. Perhaps a journey to South Carolina, Louisiana, Mississippi or Arkansas would benefit you, when you would see the condition of non-slave-holding whites, and particularly that of the poorer German emigrants; or please go to Kansas. Nebraska bill before you, Nebraska bill behind you and the latest Kansas bill on your heart. From here it is not far to Lawrence.

4. You Sir, may write in the "New York *Staats Zeitung*," I must prefer another organ, for you will readily perceive that I cannot reply in a paper which has studied Shakespeare's Antony so well and does not believe that I have carried away (from Baden) the war fund; because *too many people know that the only fund* which assisted me was my own money which I brought with me from Mannheim! Shame!

5. You Sir, may go with the gentlemen that seek office, though it be among the publicans and sinners. I, Sir, can not go with such men, having declined all offices, because I desire fully to preserve my independence.

7 You, Sir, may go for Buchanan and Breckenridge. I shall go for Fremont and Dayton, and I am not afraid of Know Nothings, temperance fanatics, Priests, Barons and all the other terrors of Boo-hoo's which are only fit to frighten German children.

7. The two letters, one to Mr. Esslen and the other to the Bellville Committee, are mine. Are you now, Sir, satisfied in regard to your curiosity?

My name is not F. H. but Frederick Hecker.

P. S. As I have too many other useful things to do, which fully occupy my time, it is actually impossible for me to reply to all the unctuously theological, silly, impudent, open and not open epistles. For a sensible man reply No 6 above is sufficient, for another I have none.

HECKER

Benton on the Pierce Administration.

Benton closed his recent political canvass in Missouri by a speech in St. Louis on Saturday night last, which equalled in every respect his opening speech, the most of which we gave to our readers at the time. In this last speech Benton alluded to his literary labors He had written two volumes of "The Thirty Years View,"

"He found them profitable too, what he never "found the public service to be. He had now "another historical work in hand, and which "would go on, governor or no governor. He "had undertaken to abridge the debates of Con-"gress from '39 down to the present time—to "separate the wheat from the chaff—to resurrect "the great but almost unknown statesmen—to "march them in procession before the eyes of "this generation, and show their wisdom in the "light of full publicity. More than this, he de-"sired to write a third volume of the "VIEW," "*and give the history of this administration*, "which had done what was considered an im-"possibility—made John Tyler's administration "respectable. *But before beginning the third* "*volume he would read Sallust and Tacitus again,* "*with the view of finding images which would the* "*more vividly portray the wickedness of the ad-ministration.*"

A MERCHANT WHO DESERVES SUCCESS—The Elkhorn *Independent*, in the course of an article describing the progress of Whitewater, one of the most thriving, go-ahead towns in the State, speaks thus of the doings of one of its merchants:

In passing through one of the streets, a very respectable brick edifice was seen, and on inquiry was ascertained to be the Union School House. The person giving the information enlarged a little on the subject, in praise of certain efforts in behalf of the school; and as it can do no harm, and may do good, by showing generous liberality in the right direction, it will be here repeated.—According to the information, the tax raised was insufficient to finish the house. Mr. S. C. Hall, the banker, merchant, lumber dealer and forwarder, on being informed of it, said, "Finish the house as you wish, and call at our store for what you may need." When the house was finished, the funds were all exhausted, so that there could be no summer school. A subscription was started, and Mr. Hall subscribed *one hundred dollars*. Compared with his means, this liberality was probably no greater than that of some others whose efforts scarcely counted; nor was it forgotten by the person giving the details, that others had acted alike generously. But when a man blessed with large means, as Mr. Hall is, takes so liberal an interest in a matter of such benefit to the public, and none especially to himself, it is a pleasure to us to chronicle it.

SAM HOUSTON VS. THE SHAM DEMOCRACY.—Gov. Houston, in his recent *pronunciamento* for Fillmore and Donelson, thus bears witness to the misdeeds and mismanagement of the Pierce-Buchanan Administration and Party:

"Where is that Democracy to-day? Swallowed up in unmitigated squatter sovereignty—in sectional bickerings and disputes—in disregarding compacts between the different sections of the Union, the repeal of which has led to insurrection in Kansas—in getting up Indian wars wherever Indians could be found, as a pretext for increasing the regular army, the estimated expenses of which, at this time, are $12,000,000 per annum, when $300,000, judiciously expended would secure peace with every Indian tribe on the continent, and induce them to embrace the arts of civilization.

"The Foreign policy of the present Democratic President has been far from creditable to our government. It, too, has shown a disposition to court an alien influence to sustain it, while it has declared and practised relentless proscription against native born American citizens. I will pursue this point no further. *To ruminate* upon it is painful enough for a man who loves his country, but when called upon by friends, I feel it my duty to them to express my sentiments plainly. You and I, and tens of thousands of old *Democrats* who were the true Covenanters under Jackson, wash our hands of these absurdities, follies and evidence of culpable mismanagement."

CONGRESSIONAL ASPIRANTS.—The Fond du Lac *Freeman* says:

It is rumored that Senator Fitzgerald of Winnebago County, is talked of by the Buchanan party, as the nominee for this District to Congress.

We have also heard that Harrison C. Hobart of Calumet Co. is a prominent candidate. We have not much sympathy for Mr. Hobart in his afflictions in belonging to the Hunker party, for we honestly believe he knows better than to belong to the crew.

We hear too, that Fond du Lac has a couple of aspirants in the persons of our fellow citizens Ex-Senator Eldridge, and I. S. Talmadge, Esq.

Whoever is trotted out, with the weight of the Cincinnati Platform at his back and Barstowism in his heart, might as well commence practicing on the tune—

Up Salt River, Up Salt River.

NUMBER OF THE LIVES OF FREMONT AND BUCHANAN SOLD.—We yesterday took the pains to ascertain the number of the lives of Fremont and Buchanan which have been sold at six of the most prominent Book Stores and News Depots in this city, since the nominations were made. The figures are as follows, and they show that but *one* life of Buchanan has been sold for every *five and three-tenths* lives of Fremont.

FREMONT.		BUCHANAN.	
Bound Volumes..	6,010	Bound Volumes	1,122
Pamphlets.......	2,050	Pamphlets	400
Total	8,060	Total.	1,522

None of the firms from which we have obtained the above figures, have sold a single life of Fillmore. Of the campaign song books over four thousand Fremont have been sold, and less than three hundred Buchanan, and not a single Fillmore.—*Chicago Tribune.*

FREMONT CLUBS.—By communications in this paper, it will be seen that the Republicans of Mazo Manie and of Fitchburg, are arousing to their full duty in organizing for the campaign. We understand that the meetings for the formation of Clubs in each of these places, were fully attended, and that the enthusiasm for Fremont and Dayton was great.—*Madison Journal.*

A SAW.—Secret orders have been given to organize Buchanan Clubs in Western Wisconsin.—The agents circulate with the Circus Companies and their circulars are secretly circulated among private circles—the members of which swear over a circular saw to close their eyes and swallow platform, Buck-saw and all without digesting them.—*Grant. Co. Herald.*

COMMERCIAL.

THE MARKET, &c.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, August 8, 1856.

Received by Mil. & Miss. R. R., 6th and 7th—9,200 bus wheat, 67 bbls 187 sacks flour, 11,940 lbs wool, 15 bbls rags, 18 bbls pork, 142 hides, 23 cars stone.

Receipts still quite light, and transactions limited.—Sales about 1,000 bus club wheat, yesterday, at $1,16. In other grains no change. We quote:

WHEAT—$1,15a1,18 for club; $1,25a1,28 winter.
RYE—60a62½.
BARLEY—60a65.
OATS—35a38.
CORN—42a45.
POTATOES—$1,00a1,25.

Weather very fine yesterday. A slight shower passed over the city between midnight and morning.

A SLIGHT DISCREPANCY.—The *American*, of yesterday, referring to the exports from Milwaukee for the present season, says:

"Since the opening of navigation there has been shipped from this port, about the following values:

Wheat, valued at..................	$1,250,000
Flour, do	600,000
Other products, valued at	800,000
	$2,650,000

This is nearly the amount of exports of the products of last season."

Hardly. In the "Annual Report of the Commerce of Milwaukee for 1855," prepared for the Board of Trade by A. J. Aikens, Commercial Editor of the *American*, "the amount of exports of the products of last season," is stated thus:

Wheat, valued at........................	$5,421,348
Flour, do	1,889,789
Other products, at about................	3 956,606
	$11,769,851

Assuming these figures to be correct—of which we expressed great doubts at the time—it will be seen that we have yet a very large leeway to make up, if we expect to ship this year as much as we did the last.

Bull's Head Cattle Market.

At the Bull's Head Cattle Market of Layton & Plankinton in this city yesterday, there were 30 head of three and four year old steers, of which 20 sold for $3,50 per 100 lbs on foot. Hogs are worth $5,50, live weight, and scarce.

Chicago Market.

CHICAGO, August 7.

WHEAT—Common spring steady and in fair demand for immediate delivery at $1,12a1,12½ in store, and $1,15 on board. Red winter $1,35 in store, and $1,45 for white. For future delivery the range of prices is considerably lower than the above, and the market quite unsettled.—Buyers for spring deliverable the last of the month can hardly be found at much if anything over $1,00.

CORN—Firm and higher, but not so much doing. Sales, 5000 bus at 38c per 56 lbs afloat. 11,000 bus on board at same. 10,500 bus do at 48½. 10,000 bus do 20th to 25th August at 49½, and 20,000 bus in two lots on board next week at 50c.

OATS—In moderate demand at 30a31c in parcels delivered and 33 in lot on board.

BARLEY—None in market.

RYE—None in market.

THE BARQUE J. V. AYER.—This splendid craft, which has just been built at Cleveland, for our fellow citizen, Sam. Hale, and Mr. Shepard, of Chicago, arrived yesterday afternoon, on her first trip, with a cargo of coal and salt. This is in every respect a splendid vessel, and while on the stocks at Cleveland, was pronounced by the papers of that city as the very finest on the Lakes.—She is handsomely modelled, and finished in all her parts in the most elegant and substantial style.—*Kenosha Tel.*

☞ A TRIAL of *Hoofland's German Bitters* will convince the most skeptical of their great virtues. Read the following:

JULIUS A. JESKE says:

NEW ELIZABETH, Hendricks Co., Ind., June 24, 1854.—"I should like you to send me a lot of your German Bitters. I know them to be a valuable medicine, deserving all the reputation they have acquired. I have used them in my own family, and they have proven a *certain remedy for eradicating the fever and ague.* I have used them successfully for two years."

WILLIAM NORTON says:

HUNTINGDON, Ind., Sept. 20, 1854.—Send me another supply of Bitters immediately. They sell rapidly and give the most unbounded satisfaction in every case. I do not know of but one instance in which I have sold one bottle, that the person did not return for more, and in that case, the *one bottle cured the person.*"

Holloway's Pills and Ointment.

TO DEPLETE THE SYSTEM by bleeding and violent purging is to deprive life's machinery of its motive power. THE DAILY SENTINEL.

Friday Morning, August 8.

CITY MATTERS.

POLICE COURT, AUGUST 7.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Andrew Haggett, for fast driving on bridge, fined $2. John White, charged with disorderly conduct and intoxication, case further continued to August 14th, at 9 A. M.

The case of the City vs. John James was called up, and the parties appeared, the City Attorney discontinued the suit.

The circumstances attending this suit, and the action of the Common Council in relation to it, will remain a standing reproach to that body. Mr. James, a hard working, sober mechanic, an old resident of the city, owned a blacksmith shop on leased ground on Huron street. The lease had expired, and he commenced moving his shop to his own lot, which was outside the fire limits, and while the shop was in transitu, being moved, the Common Council was suddenly convened, and the fire limits were extended over the whole of block 73, in which is his lot, and Mr James was left with his shop in the street, deprived of his means of support and an action is commenced against him by the City. Had Mr James been a wealthy man, he would not have been molested, he might have obtained permission to erect a two story frame building in the fire limits! Silver ho! as always catch the most fish.

John Fishback, obstructing alley, case discontinued by City Attorney, defendant paying costs, John Ramsey, same charge, do do, Charles Doerflinger, for assault and battery upon Mary Ocleson, case discontinued for want of prosecution.

THE COWHIDING AFFAIR.—A warrant was issued on complaint of J Thompson Hallett, against Carl Tochterman, and Ann Tochterman, charging them with assault and battery upon complainant on the 26th of July. Both defendants were arrested and plead guilty to the charge. The Court directed the summoning of some disinterested person who witnessed the affair to appear at 2 o'clock and give his testimony, to enable him to determine the proper amount of punishment.

At 2 P. M., the complainant and defendants appeared, the Court, after enquiring for some disinterested person who was a witness, and finding that the only one was absent from the city, directed Mr. Hallett to be sworn. He stated that he was in Mr. Olason's office when both the defendants came in and demanded some land. "I told them it was sold. Mr Tochterman then got behind me and held my arms while Mrs. Tochterman pulled out a riding whip and whipped me. I got the whip away from her. He, Tochterman then struck me, cutting my head, the blow that cut my head was given on the sidewalk. I cannot say positively which one of the defendants gave it. Dr. Douglass dressed the wound."

The lady here produced the whip, a small cowhide, the defendant, Mr. Tochterman, making some remarks that the matter would not end here.

In reply to some statements of the female defendant, Mr. Hallett stated that he had ordered her to leave his office, when she had called him thief, &c.

The Court commented at some length upon the parties having taken the law into their own hands, and the threats made by Mr. Tochterman, in Court, "that it would not end here," and fined them, Mr. Tochterman $50, and Mrs. Tochterman $25, both to stand committed to prison till the fines were paid.

The defendants left the Court for the purpose of appealing from the decision of the Police Justice.

LIFE PRESERVING SEAT.—We think that the great desideratum in the form of a life-preserving seat—one which is such indeed—which needs no inflation to make it serviceable—and which the ladies cannot ruin by making a pin-cushion of it—has at length been found.—Mr. R. J. WARNER, President of a Company which is engaged in introducing this new machine, called upon us yesterday and exhibited a model thereof, to our entire satisfaction. It is a neat light stool, containing blocks of cork sufficient to give the necessary buoyancy. It has already been largely introduced upon vessels on the seaboard. In order to test the qualities of the seat, an exhibition will be given this morning at 11 o'clock, at KNILOCK & BROWN's pier. Citizens generally, and the Board of Trade in particular, are invited to be present and witness the test.

We are requested to state that inasmuch as ladies are even more interested than men in the real safety of such articles, they are invited to attend, as there will be nothing to render it improper for them to do so.

DANGEROUS COUNTERFEIT.—We were shown, yesterday, a counterfeit five dollar bill on the Union Bank, of Providence, R. I., which, we fear, has been circulated largely in the interior of our State. Save some slight defects in the engraving, it is admirably executed. Observe that the engravers' names, Toppan, Carpenter & Co., are in the counterfeit quite large, double the size of their usual mark on bills.

WISCONSIN R. R. STOCKS AND BONDS.—At the Wall Street Exchange, on Monday, $10,000 La Crosse & Milwaukee R. R. first mortgage bonds, interest added, sold for 87. The last quotation of the stock was 71. There were sales of Mil. & Miss. R. R stock, on Monday, at 79¾, and of Wisconsin Lake Shore R. R. at 68¾.

FOR COLLINGWOOD.—The splendid steamer *Buckeye State*, Capt. CHAMBERLAIN, leaves this morning for Collingwood, from Higby's Pier, at 8 o'clock precisely. JENNESS is agent, and will do his part to make the trip agreeable.

ALBION ACADEMY.—We take pleasure in inviting attention to the card of the Managers of this institution of learning. Its location is pleasant and healthy, its faculty full in all the departments, and the institution has a high reputation wherever it is known.

NEW SCHOOL HOUSES—PROPOSALS INVITED.—The City Comptroller invites proposals, till Saturday the 16th inst., at 5 P. M., for building new School Houses in the Second and Seventh Wards, to be commenced on the 1st of September and completed by the 1st of March next. The plans and specifications for the buildings may be seen at the Common Council Room.

NEW MUSIC.—Professor HEMPSTED sends us several new pieces of Music, of which he has a great variety at his elegant Music Store on East Water street. He has, too, a choice collection of Pianos and other musical instruments, from the best makers at the East.

DRUGS, DRUGS, OILS, &C.—Messrs RICE & STEVENSON again invite attention to their large stock of goods in this line, and we can do no less than invite our readers to look particularly at their advertisement.

CHARGED WITH STEALING.—A German was brought into town last night, by Constable Abbott, of Wauwatosa, and lodged in the Watch House, on a charge of stealing a wagon wheel from a man in Wauwatosa.

TO BRIDGE BUILDERS.

THE LaCrosse & Milwaukee Railroad Co. invite proposals, with plans and specifications, until Wednesday noon, Oct. 15th next, for building a bridge over the Wisconsin river, on the line of their road. This road extends in a north-westerly direction across the State, from Milwaukee, on Lake Michigan, to La Crosse, on the Mississippi River, crossing the Wisconsin River at Kilbourn City, in Columbia County. The river, at this point, runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 80 feet above the water, at which point they are at the grade of the line of the road, and about 300 feet apart. The water is about 20 feet deep, having in the middle of the stream, a few feet of sand overlaying the rock bottom. It is proposed to erect two piers about 50 feet from either bank, at which the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet, and two short spans at the ends, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the R. R. track, passing the latter over the higher section of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished, but in case of their giving the contract to any builder on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS, in full consideration of the plans and specifications so adopted.

City Land Office.

GREAT AND EXTENSIVE SALE of Lots in KILBOURN CITY, situated on the Wisconsin River, at the point where the Lacrosse and Milwaukee Railroad crosses the river, and must and will be the important station between Milwaukee and La Crosse.

The Wisconsin River is capable of furnishing the greatest Water Power of any river in the United States. The manufacture of lumber, of which over one hundred millions of feet are annually manufactured on the Wisconsin River, will furnish immediate use for the greatest portion of this water power. The Wisconsin River abounds in pine forests which are more extensive than those any other river in the West.

The site of Kilbourn City is magnificent, being a plain rising from a bluff elevation of 80 feet at the river bank to an elevation of some 200 to 250 feet, where it meets the table land two miles east of the river. The whole is Oak Openings, and the land lays beautifully.

The best, purest and softest water can be had by digging or boring. Kilbourn City was laid out and buildings commenced in Sept. 1st, since which time some 15 or 20 buildings have been enclosed, at a cost of from one to three thousand dollars each, and great numbers of others are in process of construction.

In fact, it would require two columns of one of our daily papers to give an adequate account of the advantages of Kilbourn City. One word is sufficient and that is this: There has been no city laid out in many years which has offered so many inducements and advantages, and where capitalists can invest their money so certainly as in Kilbourn City.

To those who are emigrating to this country here is a great opportunity. Go and attend this sale, which comes off Monday, August 18th and continues from day to day through the week. Over one thousand lots will be offered. The terms of payment will be very easy. A small amount will be required down, and the balance on long time, (particularly to those who intend to build.)

Kilbourn City is in Columbia Co., State of Wisconsin.—You take cars from Milwaukee to Beaver Dam, where you will find conveyance to Kilbourn City. Maps of said city will be ready in a few days, and can be obtained by calling at my office.

NINE P. M. REPORT.

ARRIVAL OF THE

ASIA!

DECLINE IN BREADSTUFFS.

THE SPANISH INSURRECTION.

Probable Settlement of the Difficulties with England.

New York, Aug 7th.

The Steamer *Asia*, from Liverpool, July 26, arrived this P. M. The news is of no special importance.

The Spanish insurrection still continues.

The following is from the circular of Maxwell, dated July 25th: At to day's market there was but a small attendance. Wheat met a slow retail sale at a decline of 2d to 3d in prime, and fully 4d per bu on inferior qualities of western white and red. Common western red may be quoted from 9s6da10s2d. Southern 10s6da11s, Common white 10sa11s6d, fine from 10s10da11s 3d per 70 pounds.

Flour was a good deal pressed for sale, and being mostly of inferior qualities and in bad condition, very little progress was made with sales—Prime parcels receded 6d to 1s, and inferior 1s to 5s per bbl. Western Canal flour quoted from 28s. to 34s. Baltimore and Philadelphia 34s to 35s. per bbl., Canadian 35s 6d to 37s per bbl. Indian Corn in fair request, at a decline of 6d per quarter on mixed and yellow, and 1s on white. We quote the two former from 27s 6d to 30s, and the latter from 30s 6d to 32s per 480 pounds.

Jas. McHenry & Co's Circular quotes as follows: Provisions—Bacon unchanged; prices nominally same; hams and shoulders there is no alteration or demand, and full prices obtained; Lard readily taken on arrival at 67sa67s 6d, no stock here.

Consols quoted 95⅛ for money. Money easy. American securities advanced.

The Asia left Liverpool the P. M., of 26th and brings 80 passengers. The Cunard stmr. Zebra plying between Liverpool and Havre went ashore on Lizzard Point—crew and passengers all saved, also portions of her cargo—vessel full of water.

Parliament had had a discussion on Spanish affairs. Lord Palmerston in answer to a question stated, there was nothing at present which could lead in any way to interference of the government in the affairs of Spain—that the emperor of France as a just man would feel that foreign interference would be unjust and events had shown that interference in Spanish difficulties had been attended with disaster to those Interfering.

Smith O'Brien delivered an invitation to stand for Parliament in place of Jas. Sadlier.

The Government had determined to erect fortifications along western and north-eastern coasts of Scotland.

The London Times mentions a project to start a line of steamers between Odessa and New York, touching at Marseilles and Smyrna.

FRANCE.—The intentions of the French government regarding Spain are the subject of much speculation in Paris.

Advices from Spain to the 18th give official accounts of the insurrection. The National Guard were almost entirely disarmed, and domicillary visits were being made to secure all arms in the hands of citizens—the killed of the royal troops was estimated at 40 or 50 and 150 wounded—loss of the insurgents not known. The fighting at Barcelona lasted two days. A portion of troops at Saragossa remained faithful to the king. Government was despatching all available troops towards this last stronghold of the insurgents.

Marshall Narvaez offered his services to O'Donnel when the affair commenced, he has been appointed Minister to France.

The Duke of Alva, brother-in-law of the empress of France, has been appointed Mayor of Madrid.

PARIS, Aug. 24.—The Royal troops are masters of every point at Barcelona, but still remain under arms.

The London Sun says 112 men were killed in the streets in Barcelona. The people got behind barricades with determined courage for 3 days, when their leaders deserted.

The new Spanish Government has issued a programme of Policy which is theoretically very liberal.

A number of arrests have been made in Paris of persons who had formed groups in the streets talking of Spanish affairs.

LONDON SATURDAY.—The morning *Advertiser* says that the American question may be regarded as virtually settled, and probably be announced in the speech of Her Majesty, on the prorogation of Parliament. The terms agreed on are that the Bay Islands revert to Honduras, that republic pledging itself never to cede them to any other powers or allow interference in their affairs. America heartily acquiesces in this arrangement and joins with Honduras as a faithful party to the agreement, and has expressed willingness to sign a treaty, if deemed necessary.

SPECULATORS, ATTENTION!!!

EIGHT COUNTRY SEATS, of 20 acres adjoining each other, within one mile of the city limits, for sale. A golden opportunity for a profitable investment!

Having determined to retire from the profession, and to remove from the State, I now offer for sale my homestead of 160 acres, one mile south of the city limits, and 2¼ miles from the Walker's Point bridge. It is situated upon four corners, and hence has a

MILE OF ROAD AROUND IT,

And cutting it up into eight lots or twenty acres each with equal fronts upon the road, will give 8 magnificent country seats upon the choice of two roads, or four residences upon each road, with forty rods front to each residence, from all of which, when the intervening timber is removed, the City and Lake will both be in view.

The farm has ever been esteemed the best of its size in Milwaukie County. It is a warm, rich, gravel loam, especially adapted to fruit and vegetables, and may be divided into four farms of forty acres each, in a square form, and have living and durable water upon each forty acres, and not a rod of waste in the whole, or any but the best quality of land.

Sixty acres of the farm is now in a good state of profitable cultivation (one half thereof in meadow,) with over forty acres thereof, where the stumps do not average more than one to the acre. Two indifferent log cabins, both occupied, and a well finished frame barn, 40 by 44 feet, and upon the premises. A thrifty young orchard of ninety bearing apple trees.

NINETY ACRES OF THE FARM
IS STILL COVERED WITH A
Heavy Growth of Unsullied Timber,
two thirds of which is sugar maple, interspersed with about 500 large white oaks (of the best quality for ship, stave and wagon timber,) and half a dozen black walnut trees, alone worth $15 per tree standing on the ground.

The timber, alone, upon the farm, is estimated to be worth for cord wood only, over $10,000.

Having owned the farm some ten years, and during a portion of the time cultivated it with my own hands, and having once designed it as my homestead, I am unwilling even now, though I have made up my mind to sell it, to break it up and sell in parcels. To one, or eight, or more, I will sell it all at once, for such price as will make it the best purchase that has been made near or in Milwaukie within the last two years.

W. LAIDLAW'S LAND AGENCY.
Office 280 E Water st, 2 doors south of Walker House.
Famous Chance for a New Comer or an Old Settler!

VALUABLE FARM AND WATER POWER for sale. I will sell one of the best farms in the State, with a moderate cash payment, and on easy terms, or exchange same for city property.

Said farm is situated 23 miles from Milwaukee, on a Plank Road, and 3 miles from a depot on the Milwaukee and Mississippi Railroad, and comprises 360 acres, of which 250 acres are fenced, improved, and partly cropped. There are on said farm one frame house, one log house, one large frame barn and any number of sheds, &c, a fine orchard, beautiful springs and a running stream with a considerable fall, the dam is built and a large portion of timber collected on the spot for the erection of a mill, which in that neighborhood would prove a largely paying investment. The property is owned jointly by two parties who are desirous of dividing and settling up their joint interests, and for this reason offers a rare chance for an enterprising man to make a good strike.

F. M. LANE'S
PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared in Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c, whilst in brilliancy and richness of surface it surpasses all other paints, it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also, Plain and Ornamental Painting, decoration of Private Dwellings, Churches, &c, Sign and Fancy Painting.

Valuable Stone Quarry for Sale.

THE undersigned are desirous of disposing of their valuable Stone Quarry, containing twenty or twenty-five acres of land, situated about one and a half miles from the city of Milwaukee, on the Milwaukee & Watertown Plank Road and the Milwaukee & Mississippi R. R.

This Stone Quarry contains an amount of stone sufficient to supply the city of Milwaukee with foundations and stone suitable for cutting, in courses from two and a half inches to twenty four inches, for centuries to come.

It is considered by competent judges to be the best Quarry in the State of Wisconsin.

We have tested some of our stone, and have become satisfied that they will make the best quality of *Water Lime.*

We also have a valuable Water Power adjoining the Stone Quarry, on the Menomonee River, with one of the best stone dams in the State, which we will sell with the Stone Quarry, if desired.

For capitalists and men wishing to engage in active business, this is a rare chance for speculation.
